

# COMPUTERS?

## WHAT TO BUY?

## WHY?

Intel Ci5-6500 3.2Ghz Socket 1151	Excellent buy, upgradeable, the larger the number the better the performance!*
16GB DDR4-2133 Memory	More is always better, but this would be the best bang for your buck
6MB L2 Cache	Allows computer to run faster, called L2 on-die cache
4-port USB Front Panel USB	4 more additional USB 3.0 Ports on the front of your computer
4 Universal Serial Bus Ports (USB 3.0)	Faster transfer speed to Plug and Play USB Devices.
6 Universal Serial Bus Ports (USB 2.0)	Standard USB Ports, allows for connecting printers, scanners, and other USB devices.
24" LCD Monitor w/Speakers	Offers superior resolution and picture quality, also allows flicker-free screen display.
Integrated Graphics	Allows maximum colors to be displayed
500GB SSD Hard Drive	Allows for better performance, more is always better. SSD provides even superior performance.
Wireless Keyboard & Mouse (Logitech or Microsoft)	Needs to be very comfortable; you will use it everyday.
ATX Mid-Tower Case with 450W Power Supply	Larger power supply allows for adding more components to your computer system.
Windows 10 Pro 64-bit	Very stable operating system. The new standard.
1 Year On-site Warranty Parts & Labor included	1 year is minimum. On-site a must, 2nd and 3rd Year Optional
24x DVDRW w/Software	Allows for installation of software, playing music and DVD movies
Anti-Virus Software, Malware Software	Necessary addition to any computer system
Integrated Gigabit Network Card	Required High Speed Internet Connection
Professional Setup & Delivery Included*	Takes the hassle out of setting up your computer system.
